EDNA FRANKS LEAVES HOME

No Clue as to the Whereabouts of Young Woman.

BELIEVED THAT SHE MAY HAVE GONE TO CALIFORNIA.

Subsequently it was learned that the girl instead of going to school had appeared at the depot with her grip and taken the train to Salt Lake. Tuesday night she called on her younger sister, who is living at the home of I. A. Cavton on A street. She told her that she was going away and showed her a folded paper which she said was a ticket to California. She begged that her father should not be told of her intentions.

Mr. Franks knew nothing of the disappearance of his daughter until last Saturday night, when he returned from a trip to the country.

Since then he has made every effort to get some trace of her, but without avail. He has a hope that she may yet be in Ogden and will go there this miorning to search for her.

Lived in West Jordan.

According to the story told last night by Mr. Franks, Miss Edna has been living with her grandmother, Mrs. Hogenson, in West Jordan, and attending school at Bingham Junction. She was very saving and might have sold and sond early than that she might have sold and considerable difficulty with her arithmetic and feared she would not pass. Vincell License Revoked.

By a ananimous vote the liquor license of Pietro Vincelli, 125 South State street, was revoked because he violated the Sunday closing ordinance on March 15. He was represented by Attorney D. S. Tranan, who stated that on Saturday, March 4, he drew up the papers transferring the saloon to V. Bombino. That being the case, he contended, there was no icense to revoke. Nevertheless the license, which expires in two weeks, was numilled, which act closes the saloon. Bombino was arrested some time ago or violating the law, was convicted and ent to fail. He secured his release upon abeas corpus proceedings and appealed o the district court.

A resolution was passed giving the treet car company permission to lay a bouble track on First street, from State o the east side of A street.

from the railroad tracks. It is possible some such arrangement can be made here.

If this can be done it will save handling and better time can be made getting the material to the scene of operations. Mr. Atkinson finds a heavy grade to overcome here, which is not apparent in most places where the firm has put up these buildings. It is expected that as the new buildings are completed the old ones will be removed. The arrangement of the new buildings will be such as so afford a much larger parade ground, which will permit of the operation of larger forces.

A Danger Period Through Which Every Woman Must Pass. Owing to modern methods of living, not one woman in a thousand

approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms. At this period a

woman indicates a tendency towards obesity or tumorous growths.

Those dreadful hot flashes, sending the bland surging to the hearfuntil it seems readful to burst, and the faint feeling that follows, sometimes with chills, as if the heart were going to stop forever, are only a few of the symptoms of a dangerous nervous trouble. The nerves are crying out for assistance. The cry should be heeded in time. Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life, and all women who use it pass through this trying period with comfort and safety.
